

## • Part One - Numbers 11 to 15 •

Read the following story.

For questions 11 to 15, say whether the statements are True or False.

On your Answer Sheet, mark T if the statement is True and F if it is False.

Stella goes to school by bus every morning. Stella always sits next to Lucy on the bus. Stella is Lucy's best friend. She does not like talking early in the morning, so she sits quietly during the trip to school.

Yesterday morning, however, Stella was not quiet. When she got on the bus, she said good morning to Lucy, but she did not sit next to her. She sat behind her, next to Mark. Mark is the new student. He has no friends at school so Stella decided to be his first friend. 'Hello, Mark. My name is Stella. We are in the same class', Stella said to Mark. Mark smiled at Lucy. 'Nice to meet you, Stella,' he said. Stella continued talking to Mark until the bus arrived at school. Lucy was happy to see her friend talk to Mark.

When they got out of the bus, Lucy said to Mark: 'Hi. My name is Lucy. I'm Stella's best friend'. 'Nice to meet you, too,' he said and the three of them went into the classroom. Lucy and Stella sat together at the front desk and Mark went to a desk at the back. 'Let's organise a welcome party for Mark next Saturday and invite our classmates,' said Lucy to Stella. 'That's a great idea. I'm sure Mark will be happy to make a lot of new friends,' Stella said.
